NBER Working Paper - Captain Gains on Capitol Hill (Senate Chapter)

Expanded analysis from the National Bureau of Economic Research paper focusing on Senate trades. Documents how senators on Homeland Security, Judiciary, and Appropriations committees disproportionately trade in companies that benefit from their legislation (ICE contractors, Palantir, GEO, Amazon). Quantifies abnormal returns. Directly relevant to the politician PDFs in this folder. Source: NBER w34524 (updated 2025 edition).
